Home Care Package Funding

Government Subsidy – Home Care	
Home Care Level	Subsidy (\$/Day)
HCP Level 1	\$25.15
HCP Level 2	\$44.24
HCP Level 3	\$96.27
HCP Level 4	\$145.94

HOME CARE PACKAGES – Your contributions

If you are approved and assigned a Home Care Package, the government will provide funding to help you continue living at home. The amount of funding depends on what they assess your needs to be.

You may also need to contribute some funds towards your care and supports. This contribution amount depends on your personal situation and how much you can afford. **We will not refuse you services if you cannot make a contribution.**

Basic Daily Fee	Income Tested Fees	Meals or Additional Services
Contribution of 17.5% of Age Pension (Up to \$11.71 per day)	Centrelink will assess your personal financial situation and determine if you need to pay this.	If you would like meals delivered to your home, your contribution is \$8 per meal . If you would like more services than your Package balance allows, you must pay the difference .

Yaandina can arrange to charge you your agreed payment fortnightly using **Centrepay**. If the payment is not made, we may suspend some of your services until you make the payment. If you cannot afford to make an agreed payment any more, please discuss with us as soon as possible.
